

Canada's Association of Information
Technology (IT) Professionals

June 1st, 2017

CIPS Connections

Connecting you to News Affecting CIPS and the IT Profession

CIPS Volunteer of the Month: Mohammad Sharifullah

What type of Involvement have you had with CIPS?

"I joined as a board member of CIPS Ontario in 2016 and at the moment am chairing the Committee of Training, Conferences and Continuing Education portfolio. Recently I organized several webinars on emerging technology issues and am working on creating a strategic training and learning platform for CIPS across Canada."

What value has your involvement with CIPS provided?

"CIPS is a national professional organization supported by Canadian legislation. To me it is a big canvas from coast to coast - a great opportunity to meet people, work with them, build an excellent network and serve our society and country, creating something good for our future generations."
