Technology meets Creativity & Business Intelligence

This year DM is bigger & better alongside the Content Marketing Summit. This 2 in 1 experience allows for a comprehensive marketing & technology journey for you. And it means building more partnerships, opportunities, and ways of thinking!

Data Marketing is a Data-driven Mar-Tech conference & expo designed specifically for marketers

active in data & analytics. During our two-day event, attendees will master customer intelligence, use data to map customer journey, and enhance ROI through the use of analytics.

**Data Marketing Early Bird Ticket Sales End Oct 31st!**

**CIPS Members Save 20%** using the discount code "CIPSPASS", or you can Register Here:

## Cyber Security 2017 - Securing the Smart City of the Future

CIPS is pleased to be partnering with the Conference Board of Canada for this upcoming event! As our valued contact, you can **save 25% off the full registration fee!** See below for more details on how you can take advantage of this special offer!

Join us February 27-28 in Ottawa for **Cyber Security 2017 - Securing the Smart City of the Future**. For our third annual event on Cyber Security, we'll be taking a look at how cyber issues are set to become a bigger part of everyday lives for both people and businesses.

At this one-and-a-half-day event, you will hear how smart cities run, how businesses could help, and what management lessons you can take back to your own organizations.

### [Cisco 2016 Midyear Cybersecurity Report](#)

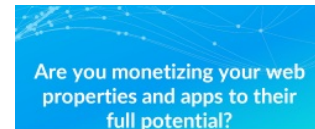

Ransomware is dominating the malware market - and businesses are becoming the target of choice for cyber criminals. Organizations are creating security risks by not properly maintaining aging infrastructure or patching vulnerable operating systems. From ransomware threats to security trends, this Cisco report examines the many ways organizations can and should take action to start improving their defenses.
