CIPS MB Winnipeg Sept. 22nd Lunch: 'Who Really Is Using Public Clouds and Why?'

CIPS

Many organizations today are facing significant decisions on how to support their core business. Internal IT has a new enabler, and maybe a new competitor, with public cloud offerings. Decisions on leveraging cloud providers are happening outside of the traditional IT decision making process. **READ MORE**

#CDNchats: Women in the IT Channel Twitter chat

Computer Dealer News

Never mind "leaning in," many women in the technology industry are leading their companies to business success! In August, Computer Dealer News will be hosting its fifth annual Women in the IT Channel event, honouring some of the top women executives in the IT channel. It's a day of professional development, networking, and awards that's all geared towards one thing — celebrating the contribution that women are making in the IT channel community. [READ MORE](#)

CIPS ON Toronto Sept. 30th Gathering: 'Embedding Security Into Big Data Environments'

CIPS

Technological advancement and expanded use of smart phones are creating significant opportunities for businesses, but competition is also growing. Disruptive technology operators are ever more capable of addressing the needs of their customers, cheaper, faster and better. [READ MORE](#)
