TOP NEWS

August CIPS Volunteer of the Month: Bashir Fancy, I.S.P., ITCP

CIPS

What value has your involvement with CIPS provided? I am an ISP, ITCP. CIPS has allowed me both to learn continuously and impart the knowledge and experience I have gained globally over the years in my various roles over the last 40 plus years. I find my involvement in CIPS both very fulfilling and rewarding. **READ MORE**

CIPS needs your input: 'Creating your ideal technology professional organization: Your input shaping the future of CIPS'

CIPS

CIPS, Canada's Association of I.T. Professionals, has embarked on a strategic initiative to chart the future of the organization and its place within the information, technology, and communications (ICT) profession in Canada. The process begins with asking for the voice of stakeholders through a short online survey. [READ MORE](#)

CIPS AB Red Deer Sept. 30th Dinner: 'Inspiration <----> Leadership'

CIPS

What is leadership and when does it start? Even as you learn the art of computer science and business system implementation, there are leadership characteristics to develop and hone. Soft skills and communications are indispensable to ensure success. [READ MORE](#)

CIOs advise on how to build the business case for cloud

IT World Canada

So your CEO returns from a conference and pulls you aside in the hall. Having just learned all there is to know about a comprehensive cloud strategy by reading an article on a flight back from Las Vegas, the CEO wants to know why the whole business isn't moving everything it can to the cloud right now? [READ MORE](#)

Featured Whitepaper: 'IBM Cloud Virtualized Server Recovery'

CIPS via IT World Canada

Read IBM Cloud Virtualized Server Recovery, a service profile that details how IBM's cloud virtualization service can minimize the downtime—and cost—associated with server failure. The Virtualized Cloud Recovery Service (VSR) continuously replicates protected servers so there is an up-to-the-second, bootable image of these servers available that an enterprise can fail over to. Are boards deaf to CISOs, or do they just not care?

IT World Canada

There is no doubt most members of a board of directors will shiver when told their organization has been the victim of a data breach. Ordinarily, however, they shouldn't collapse. A well-briefed board should understand a network breach is unavoidable for any enterprise, so what matters is whether the organization is prepared. [READ MORE](#)
