Featured Whitepaper: 'Reduce costs in a big way'

CIPS via IT World Canada

Complete with a business case, this e-book from HP looks at the challenges of IT modernization specifically as they related to small and mid-sized businesses (SMBs) — and how virtualization provides an ideal solution. Designed to assist SMB decision makers with reducing overall costs, this eBook addresses cost savings achieved through deployment of virtualization from three perspectives: Business, Operations, and Technology.

Top researcher Pedro Domingos on leading his team to win the top AI prize

IT World Canada

The Machine Learning (artificial intelligence or AI) megatrend embedded everywhere is essential for enterprise survival and competitive advantage. It is easy to implement with the drag and drop tools readily available from all vendors such as in Microsoft Azure and seen widely entrenched in familiar rapid adoption environments such as Windows 10. For this reason machine learning is a prominent theme in my upcoming keynote at the IFIP World Computer Congress Industry Prospect Conference. **READ MORE**
