TOP NEWS

CIPS Speaking Tour with Tom Keenan: Winnipeg (Oct. 19), Halifax (Oct. 20), St John's (Oct. 21), Charlottetown (Oct. 22)

CIPS

Technology is creeping in to all aspects of our lives, from our social interactions to our personal finances and even our physical bodies. And, yes, there are some creepy people behind those technologies. They're not all hackers in dark basements — some work for respected corporations. Tom Keenan will take us on a tour of the creepy side of technology and give some suggestions about how to protect ourselves and throw the bad guys off our digital scent. [READ MORE](#)

Get ready for the digital quake of ICT megatrend driven disruption

IT World Canada

If you think you are having a hard time now keeping up with the pace of change in technology then get ready to move to an even higher speed. At the 23rd IFIP World Computer Congress 2016 Industry Prospect Conference in Daejeon, South Korea delegates were warned of an impending Digital Quake driven by disruptive mega trends. ARMA Saskatchewan 2015 Conference

CIPS

In order to be successful, every organization needs RIM and IT to share the same interest for the corporate information they are tasked with managing and protecting. Information Governance is the rule book, that each Records Management professional looks to in order to do that. [READ MORE](#)

CIPS needs your input: 'Creating your ideal technology professional organization: Your input shaping the future of CIPS'

CIPS

CIPS, Canada's Association of I.T. Professionals, has embarked on a strategic initiative to chart the future of the organization and its place within the information, technology, and communications (ICT) profession in Canada. The process begins with asking for the voice of stakeholders through a short online survey. [READ MORE](#)
