## CIPS BC booth at iTECH 2013 Vancouver draws attention

CIPS

CIPS BC Board members Michael Shevloff, Jude Pillainayagam, Eric George and Dave O'Leary engaged with over 100 IT professionals at the recent iTECH Vancouver Conference held at the Vancouver Trade and Convention Centre. When word got out the door prize at the CIPS booth was an iPad mini 64G tablet the line grew and business cards (over 100 of them) quickly filled our draw box.

## New CIPS ethics exam required for I.S.P. and ITCP applicants in 2014

CIPS

As part of our mandate to establish Information Technology (IT) as a profession, CIPS has identified a need for testing knowledge and understanding of ethics in computing and IT. This is particularly important for those applying for CIPS' I.S.P. and ITCP certifications.

## Regulators urged to probe ethics of Bell's 'data grab'

IT World Canada

Provincial and federal regulators need to examine the ethics around the sort of wide-ranging data collection that Bell Canada intends to roll out next month, according to privacy and consumer advocates.

## Security, network teams should look over their shoulders

IT World Canada

Hardly a day goes by when we don't handle an IT security-related story — hacking, spear-fishing, network intrusions, the NSA/CIA/ CSEC... it's a long list. So you'd hardly expect that network security teams are on an endangered list. But Network Computing columnist Michele Chubirka argues network virtualization will mean they'll have to adjust to a new world.

## Digital competencies and training modules for non-IT professionals — Join our working group today!

CIPS

In the course of their careers, few workers have the chance to stay abreast of new technology and the role it plays in creating strategic advantage or challenges. You can help design training to be used by professionals and mid-level managers as they are prepared for roles of greater responsibility you too can benefit from the training developed. This training will enhance the capacity of all industries to embrace innovative technologies and boost the productivity factor in Ontario.
