CIPS INTERVIEWS: Raghu Rai, Top Young Entrepreneur Sharing Success

CIPS

Raghu Rai is an entrepreneur passionate about transforming healthcare. He founded his start-up, Jio Health, while studying as an undergraduate in Biomedical Engineering at the University of California, Irvine. Jio Health is creating a platform that empowers individuals to manage their health, connect with their providers in meaningful ways and care for the ones they love. In addition to Jio Health, Raghu also advises a few start-ups in Southeast Asia focused on secure messaging and machine learning for the beauty and cosmetics industry. [READ MORE](#)

Featured Whitepaper: 'The Forrester Wave™: Digital Experience Platforms, Q4 2015'

CIPS via IT World Canada

The demand to be at every touchpoint in the customer lifecycle is no longer an option — it's a requirement. To manage, deliver, and optimise experiences consistently across all touchpoints, organizations are looking to digital experience platforms as the foundation of their digital presence. Apple's open source release receives 'Swift' support from developers,

IBM

IT World Canada

Developers eager for Apple Inc. to open source the Swift development language got an early Christmas gift as the company made it official late last week, following up on its summer promise. Apple's announcement includes the launch of a dedicated website to Swift with detailed information about Swift open source, including technical documentation, community resources and links to download the Swift source code.

November CIPS Volunteer of the Month: Shaun Herron I.S.P., ITCP

CIPS

I joined CIPS to solidify my career as a Professional in the Information Technology field. It was important for me to obtain my I.S.P. and become a member of a professional organization specific to IT. CIPS has provided me with a number of benefits including professional development opportunities, volunteer opportunities, and networking. [READ MORE](#)

Get ready for the digital quake of ICT megatrend driven disruption

IT World Canada

If you think you are having a hard time now keeping up with the pace of change in technology then get ready to move to an even higher speed. At the 23rd IFIP World Computer Congress 2016 Industry Prospect Conference in Daejeon, South Korea delegates were warned of an impending Digital Quake driven by disruptive mega trends. The conference was organized by the Ministry of Science, ICT and Future Planning. [READ MORE](#)
